Garden 2024

WELCOME

Gardener's Supply is in business to spread the joys and rewards of gardening, because gardening nourishes the body, elevates the spirit, builds community, and makes the world a better place. We have curated this lookbook to showcase our favorite products and inspire the gardening community during the 2024 growing season.

Elegant Arches for ON-GROUND BEDS

Designed to maximize growing space and visual interest for our 2' wide raised bed offerings, these Arch Trellis Kits include a 12" Extension to bring your Arch 60" above the corners of your raised bed. Create an arch over your bed or place one between two beds for a walk-through arch or tunnel! Arch Kits work with our 2' Deep-Root and standard Cedar Raised Beds, as well as 2' Elevated Planter Boxes.

On-Trend Looks in MIXED MATERIALS

Rot-resistant cedar and rust-resistant galvanized steel combine into durable and unique looking raised beds, inspired by creative DIY trends. A generous 15" planting depth supports a wide variety of edible and decorative plants. Both on-ground and elevated styles are available in 2' x 6' and 2' x 3' sizes.

Budget-Friendly BACKYARD GARDEN

Versatile and affordable raised beds let you grow big harvests without a big budget! Our Expandable Metal Raised Bed lets you build 2 individual beds or 1 extra-long raised bed, and it's 30" tall for no-bend gardening. Our on-trend Oval Metal Raised Bed is eye-catching and high-yielding wherever you put it. Both beds assemble in minutes, so you can get to the fun part!

Low - Maintenance, HIGH-YIELDING

Simple, stylish beds provide years of growing without much upkeep. Made from durable, rust-resistant powder-coated galvanized steel, we designed this family of low-maintenance raised beds for highly successful growing! Sturdy metal construction helps you avoid the busted corners and bowing sides common with lesser quality beds. Super quick and easy to assemble! Choose from Gray or Light Blue.

Grow a Burly BACKYARD GARDEN

One of our sturdiest-ever metal raised beds, we designed the Bolton as a garden workhorse, ready and rarin' for years of successful growing. At 5' long and only 20" wide, this convenient footprint fits almost anywhere, and a 15" planting depth can support hefty harvests of flowers, edibles, and more. Made from rust-resistant galvanized iron, this bed is long-lasting, low-maintenance, and fully backyard garden ready!

Prettier PATIO PLANTINGS

Cleverly crafted with a dual-layer design, these fabric grow bags balance functional growing benefits and visual appeal. The raschel-knit fabric exterior has an attractive, textured surface that protects against UV damage and overheating. A breathable polypropylene interior increases durability and moisture retention for happier plants and happier gardeners!

Sturdy Props FOR EVERY CROP

Keep towering tomatoes standing tall, and give vigorous vines a sturdy base to climb! From top-heavy blooms to scale-tipping squash, our Titan collection has the strength and durability to support whatever you want to grow. A winning combination of sturdy steel cores and protective polyethylene coating shields these supports from rust and UV damage for years of successful growing.

Attractive & Protective CROP COVERS

Safeguard your harvest from hungry critters, brash birds, and curious cats! Our Chicken Wire collection provides helpful, chemical-free protection for prized seedlings, tender greens, and ripening strawberries. Lightweight, durable, and easy to move throughout the season, our Chicken Wire Collection is a long-time customer favorite for good reason! Now available in Black in addition to our popular Galvanized finish.

Plant Earlier, HARVEST SOONER

Our season extending assortment brings the benefits of a greenhouse to your garden beds, garden rows, or even individual plants. Our accelerators provide helpful protection against late frosts and biting winds for early season plantings. Our 3 Season Protection Tent lets you switch over to a mesh insect cover to keep summer pests from turning your veggie beds into their own personal crudités.

Feed Your GARDEN

An innovative take on vermi-composting, our Ceramic Raised Bed Composter helps you “close the loop,” letting you recycle yard and kitchen scraps right in your garden beds or raised beds. Simply bury the container in the soil, add scraps (and worms, if it’s in a raised bed), then let the worms do their work. The resulting worm tea will drain directly into the soil, and the finished compost can be spread by hand.

Multi-Benefit COMPOSTING

Multi-bin systems make composting easy and super productive. Our premium 3-bin offerings come in two very different styles, but both are built strong, and built to last. The Demeter 3-Bin Composter is made from rust-resistant powder-coated galvanized steel. Our Cedar 3-Bin system is made from rot-resistant cedar and our industrial-strength Lifetime Corners. Both systems sport a generous 330 gallon total capacity.

HOSE ACCESSORIES

Tame those tangles and keep hose hauling from being a drag! Our hose pots and organizers keep things neatly coiled and ready — and our brand new Nozzle Nook even has a handy hidden enclosure to keep nozzles tucked and tidy. Our Finial Hose Guides smartly keep hoses from dragging through your precious plants while also acting as a decorative border for garden beds.

Instant CURB APPEAL

Simple and chic, this set of 2 hanging baskets has a modern look that instantly elevates your space. Easily add greenery to brighten entryways. Colorfully primp your porch with beautiful blooms in complementary hues. Best of all, the self-watering feature keeps plants hydrated longer, lessening watering work and maintaining a healthy and verdant vista.

Distinguished GARDEN BORDERS

Most plant supports are meant to blend into the foliage, but we designed our Nora Border Supports to stand out. Elegantly decorative and crafted from heavy-duty steel, these supports are built to last a lifetime, with a hand-forged appearance that instantly adds a distinguished look to green spaces. Add estate-quality character to your garden with clearly defined borders or plant surrounds that keep foliage and flowers from drooping into pathways.

Add Some Curves TO YOUR GARDEN

Ready to give our garden arches a turn? Our innovative new arch design will put your garden entrance ahead of the curve. With a cleverly asymmetric design, our Meandering Arches create a curving effect when connected, perfect for guiding garden visitors around a corner. Combine 3 Meandering arches with an original Jardin arch to get almost a 90 degree curve.

Stunning Supports FOR EVERY BLOOM

Some of the most enchanting flowers are also the most unwieldy, their top-heavy blooms causing them to droop and flop, or worse, bend and break. The right support can add structure with a dash of style. Our Jardin Collection features supports for every type of troublesome bloom: from single-stem and grow-through supports to full- and half-surrounds.

Eye - Catching STRUCTURES

Create a focal point in your garden that's both functional and fashionable! These freestanding obelisks are a perfect size for attractive flowering vines like Clematis, Black-eyed Susan vine, Morning Glory, and more! And the Diamond Birdfeeder Obelisk adds a bird-beckoning buffet to invite colorful feathered friends to frequent your yard.

Timeless & Elegant GARDEN STYLE

Our charming new line of Coventry Obelisks comes in 3 sizes, so you can provide helpful support for climbing plants of all sizes, from small Morning Glory vines in a pot to towering Clematis or Black-eyed Susan vines. The soft, sagey green finish blends well in summer and provides a lovely winter accent, and the powder-coated steel construction is durable enough to leave out all year round.

Coventry Obelisks – 5 ft., 3 ft., and 7 ft.

Distinctive GARDEN DECOR

Create an utterly unique look for your garden with our wide assortment of outdoor decor. Our whimsical oversized Peaceful Birds Pair are endearing wherever they roost. The glowing caps of our Tiny Mushroom Stake Lights lend a charming air of forest magic whether tracing a path or placed among a garden bed. Or add rustic accents to your yard with garden stakes inspired by American folk art.
